THANOS LABS

Four AI agents.
One snap.

Snap efficiency into existence.

Web Content · AEO + SEO · Cybersecurity · Web Accessibility

THE PROBLEM

The work never stops.

CONTENT

Stale website. Lost customers.

SEARCH

People don't search. People ask.

SECURITY

Hackers don't take days off.

ACCESSIBILITY

Every barrier costs a customer.

PROOF, NOT PROMISES

Three days after launch, Google's AI Overview cited ThanosLab.com.

That's AEO working.

AEO: Answer Engine Optimization.

AGENT 1 OF 4 · WEB CONTENT AI AGENT

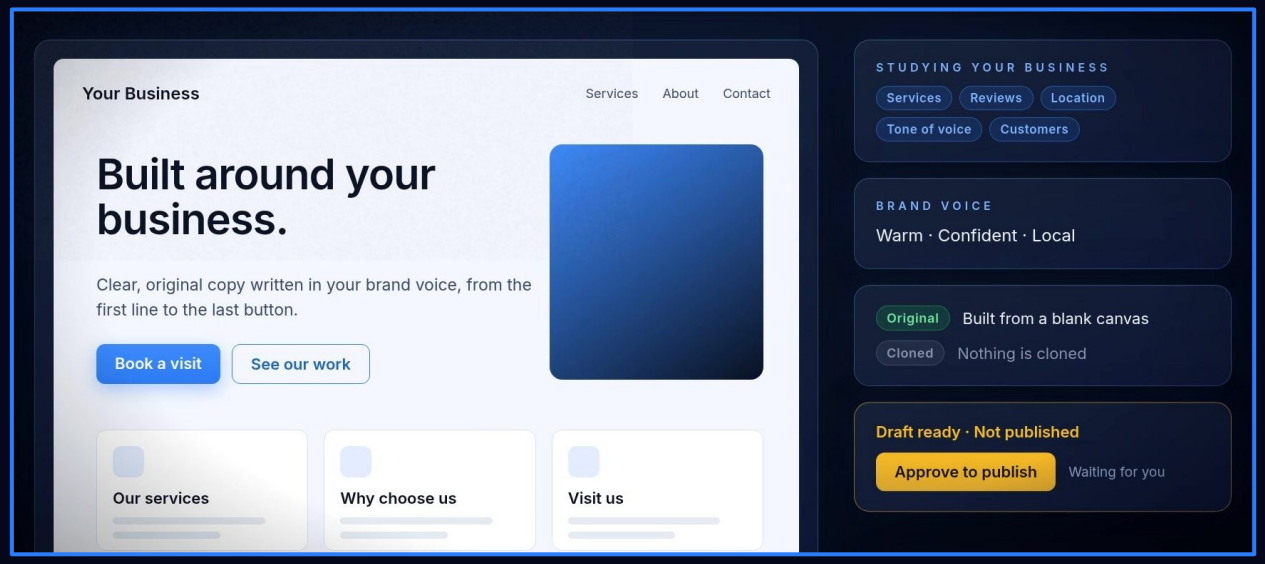

Your site, always current.

THE PROBLEM

Old prices and wrong hours still selling for you.

THE FIX

Every page fresh, accurate, and on brand. Weekly content added.

AGENT 2 OF 4 · AEO + SEO AGENT

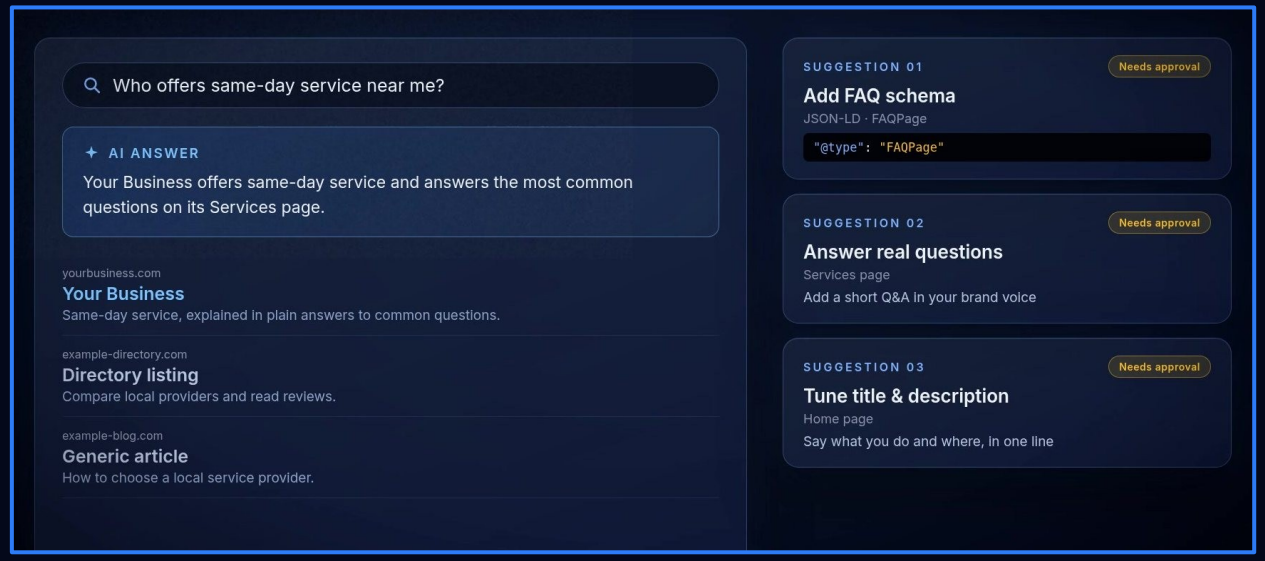

Be the answer.

THE PROBLEM

77% of Google searches now end in an AI answer.

THE FIX

Content structured so answer engines quote your business.

AGENT 3 OF 4 · CYBERSECURITY AGENT

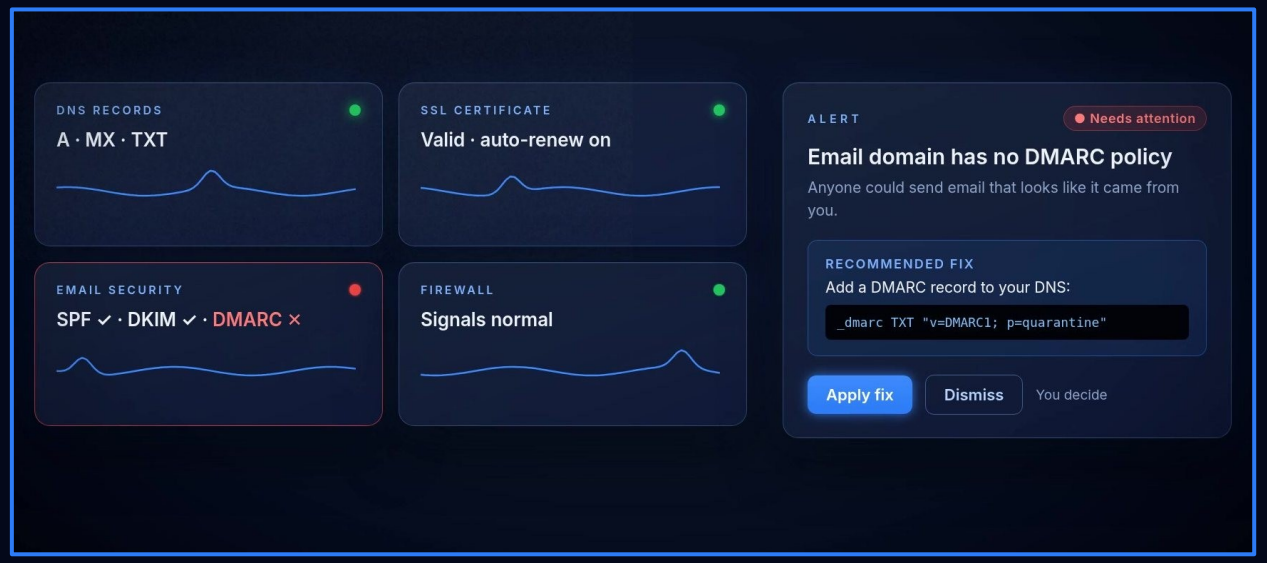

Watched around the clock.

THE PROBLEM

Small business sites are attacked every day.

THE FIX

Threats flagged the moment they appear, with the fix attached.

AGENT 4 OF 4 · WEB ACCESSIBILITY AGENT

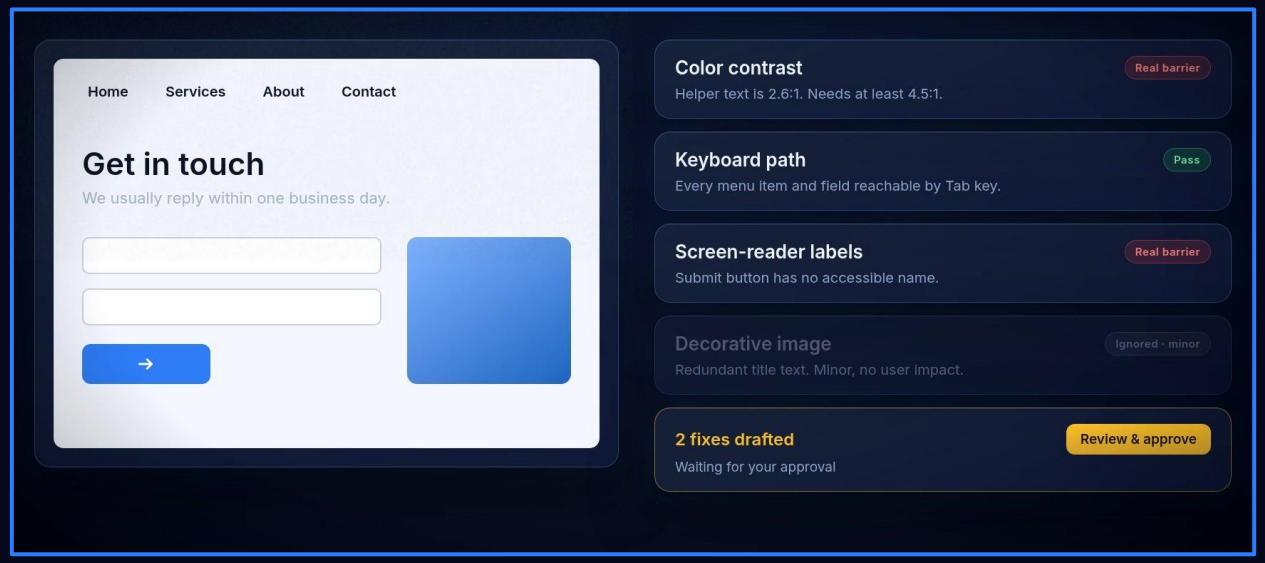

Open to every customer.

THE PROBLEM

One in four adults lives with a disability.

THE FIX

Every page audited against WCAG 2.2 AA, then retested.

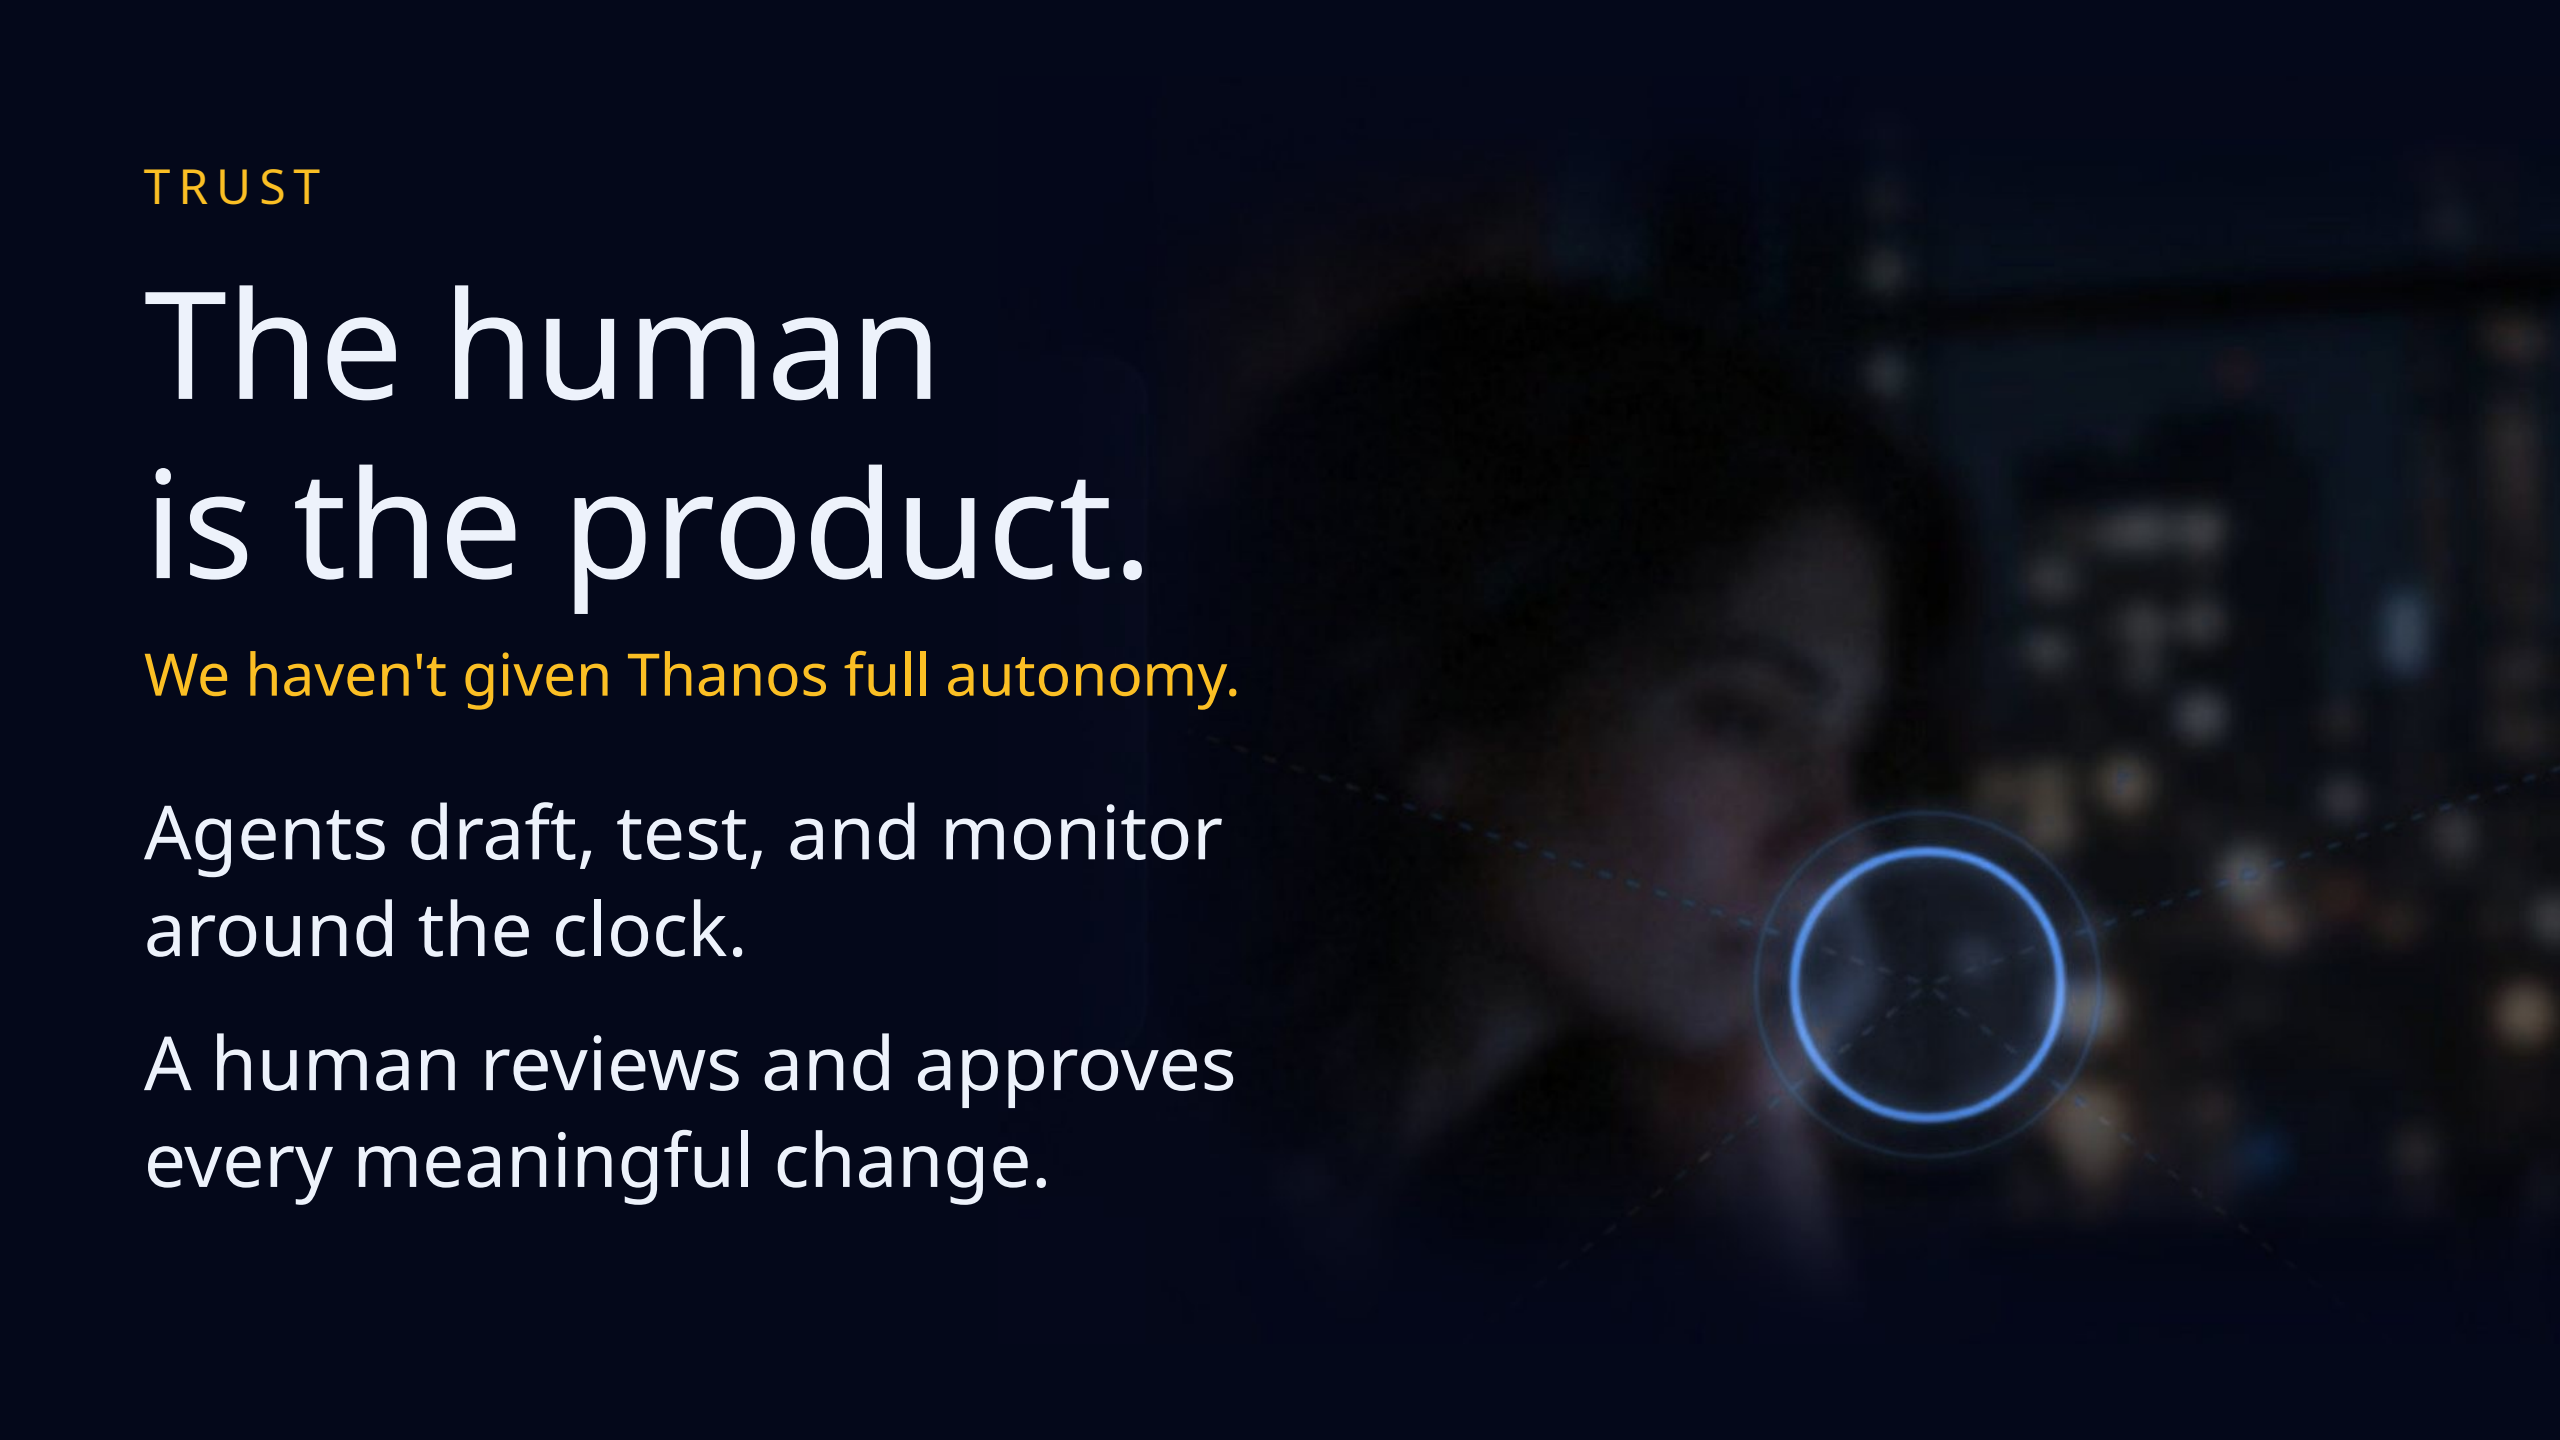

TRUST

The human is the product.

We haven't given Thanos full autonomy.

Agents draft, test, and monitor around the clock.

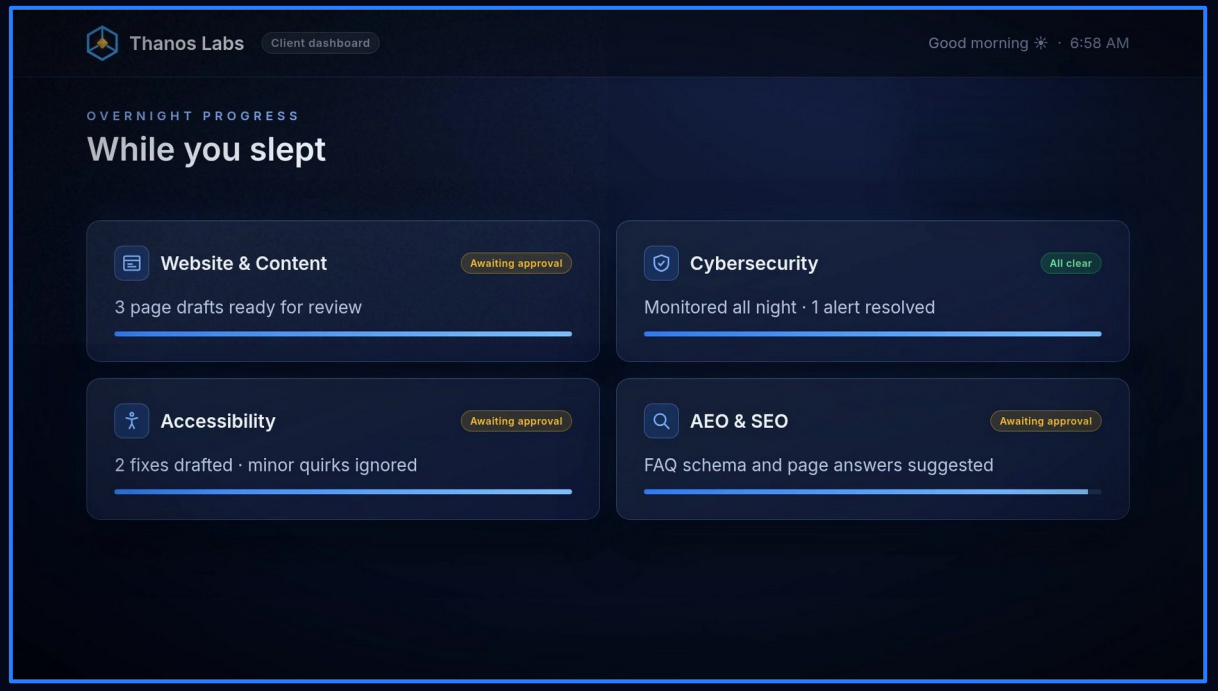

A human reviews and approves every meaningful change.

GETTING STARTED
